Mediation vs. Litigation

A golden scale of justice is centered on the page. The scale is tilted, with the left pan being higher and the right pan being lower. The left pan is labeled with the word 'Mediation' and its characteristics: Collaborative, Confidential, Free, Parties Control, and Creative Solutions. The right pan is labeled with the word 'Litigation' and its characteristics: Confrontational, Public, Expensive, Process Controls, and Traditional Solutions. The scale is set against a background of a light blue sky with white clouds.
