The City of Little Rock, Ark. is excited to make history by hosting the Neighborhoods, USA Conference for the third time! Hosting NUSA in 1996 was a game changer for Little Rock. It strengthened our neighborhoods and people from all over the city came together to volunteer. Many friendships were formed which continue to this day and volunteers who worked on the NUSA 2010 team joined us in 2018 to prepare and plan for the 45th Annual NUSA Conference, May 20-23, 2020.

The theme for NUSA 2020 is, “Neighborhoods: The Fabric of our Communities.” In addition to eight exciting tracks focused on everything from public safety to leadership development and beautification to partnering with multicultural communities, we are also planning a track designed specifically for youth ages 13-18 years. Planned conference highlights include:

- 13 neighborhood tours PLUS 3 special tours
- 4 special events
- More than 200 TEAM NUSA volunteers to make you feel welcome!
- 70’s Friday Night Party

While attending the wonderful workshops and neighborhood tours during the conference, we also hope you will make plans to come early and stay late to explore the many attractions our city offers. The Clinton Presidential Center and Little Rock Central High National Historic Site are two of the top destinations for visitors and residents alike!

The Little Rock Marriott is connected to the Statehouse Convention Center and will be the host hotel for NUSA 2020. All the workshops and most special events will be at these two facilities. Dozens of restaurants offering a wide variety of foods for you to enjoy are within walking distance.

We are ready to share our southern hospitality with you and show you why in Little Rock our neighborhoods are the fabric of our communities.

SURVEY
A LETTER FROM YOUR NEW PRESIDENT

It is an honor to be chosen to serve as your new president and a privilege to work alongside a dedicated group of volunteers, willing to give up their valuable spare time to an organization and mission we all believe in. The board is committed to seek out your suggestions about how we can partner together to build stronger communities.

During our board meeting last month, five new and one returning board members were sworn in and new officers were elected. Collectively, we represent sixteen cities from fourteen states and though impressive, for our organization to continue impacting municipalities and grassroot organizations, we must extend our reach throughout the United States.

NUSA members don’t have to serve on the board to make a difference! Please consider all the opportunities shared throughout this newsletter and choose this to be the year you “step up to the plate” and play a larger role in NUSA.

We are excited to be partnering with Little Rock for the NUSA 2020 Conference, May 20-23, 2020! After meeting with their volunteer team in October, there is no doubt the neighborhood tours, educational workshops, networking opportunities and special events they have planned for us will exceed our every expectation.

Personally, the city of Little Rock holds a special place in my heart. The Clinton Presidential Library and Museum was the first presidential library we took our children to visit. Twenty years later, it is the halfway point where I meet my oldest son and his family for weekend visits when they can’t travel home to Fort Worth.

While making plans to join us for the NUSA 2020 Conference, I encourage you to come early and stay late to make a few new memories of your own in Little Rock!
